

## Medical services reimbursement rates

The TAC has adopted the Medicare Benefits Schedule (MBS) items, explanations, definitions, rules and conditions for services provided by medical practitioners. When invoicing for medical services, medical practitioners are expected to adhere to the MBS rules unless otherwise specified by the TAC on the [Reimbursement Rates for Medical Services information page](#) or its medical policies.

The Reimbursement Rates for Medical Services must be read in conjunction with:

- [Medicare Benefits Schedule \(MBS\)](#)
- [Clarification of Medicare Benefits Schedule \(MBS\) rules](#)
- Other policies outlined within the [Medical Practitioners section](#) of our website

### Current rates

**Important:** The Excel spreadsheet includes all the temporary MBS COVID19 telehealth items payable by the TAC. It was last updated on 29 February 2024.

For further information about TAC funded telehealth, please refer to our [telehealth information page](#).
